

PTO ANDRATX 6

PTO ANDRATX 6

Villa Puerto de Andratx 6 is located in the exclusive Puerto de Andratx, with panoramic views of the bay. It has several terraces perfect for watching the sunset, and the interior is very bright thanks to the large windows that offer unique views.

The villa has five bedrooms that sleep up to eight people, all of which are bright and modern, with hardwood floors, large double beds and en-suite bathrooms with double sinks and large rain showers; two of them also have deep Duravit bathtubs. One of the rooms opens onto a huge terrace with a large Jacuzzi, loungers and spectacular views of the bay. Another has its own private terrace with wicker seating, and an especially lovely spot for a sunset drink.

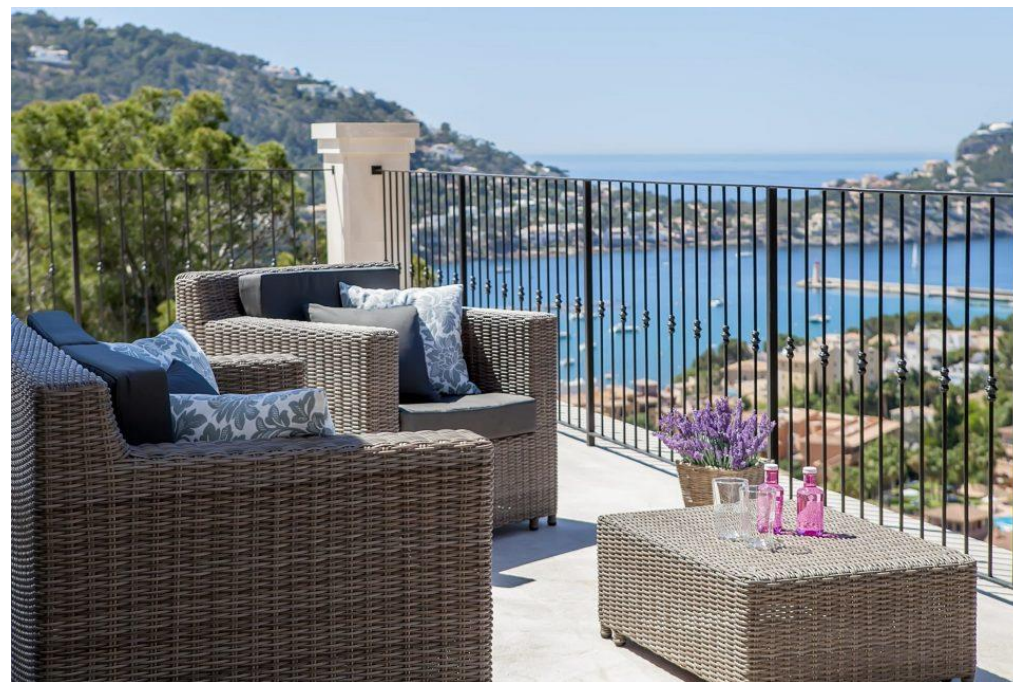

The house has a stunning south-facing swimming pool, surrounded by an area of comfortable sun loungers where you can enjoy the sun. The hot tub seats four people and is a fabulous place to gaze at the stars while being massaged with bubbles.

Inside there are two living rooms, both with fold-out sofas and large TVs, and one with a double-sided fireplace, perfect for the colder months.

The villa's elegant kitchen is fully equipped with high-quality Miele appliances, including a six-burner cooktop, large refrigerator, dishwasher, microwave and two ovens. You will also find a Nespresso coffee maker, wine cooler and filtered drinking water on tap.

There is also an outdoor kitchen area, with a high-end gas grill perfect for poolside barbecues.
